# ATS1647

## ATS Large plastic housing for input expanders and small DGP's

### Product Overview

This latest box completes the set of enclosures for ATS product family.

It helps installers by providing more space for wiring and it can fit accessories with the following PCB sizes:
A - ATS1170, ATS1741, ATS1210, ATS1220, ATS1510, ATS1840
B - ATS1743, ATS1810, ATS1202, ATS7200, ATS1820, ATS1740, ATS1330
BB - ATS1742, ATS1811, ATS1806

The box has a unique back plate cable entry to ensure quick and easy installation. Improved strain relieves to support quick installation. The ATS1647 is WonderBox compliant and is delivered with a tamper switch for opening and pry-off.
The box is VdS approved and is also designed to fit the following accessories from the CS range:
CS208/CS216 input expanders and CS507 output expander.
